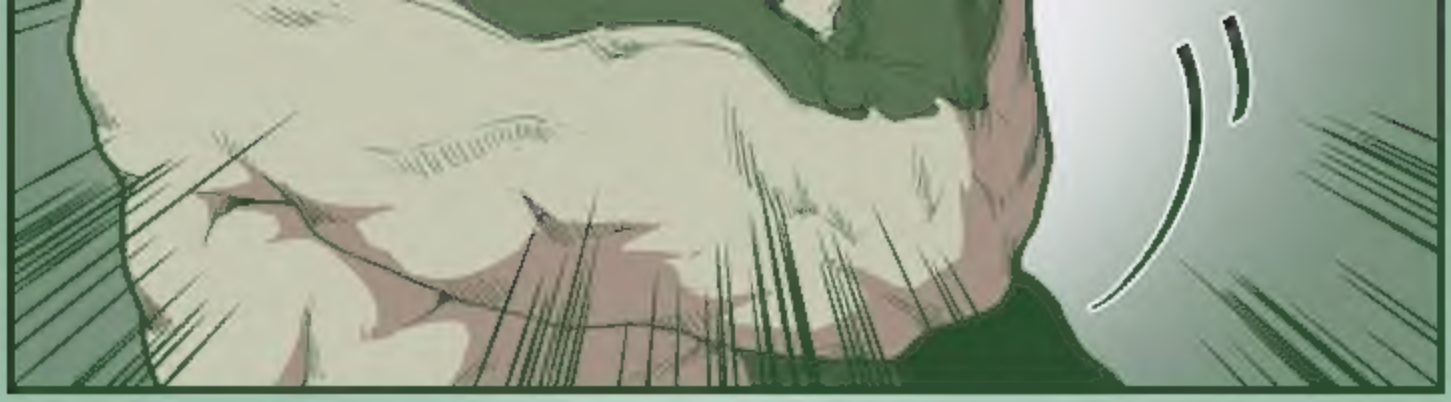
HI, I'M NICK 'WRAITH' MORRISON.

I'M A TOP CLASS SNIPER BELONGING TO A MERCENARY UNIT 'ORCAS T-1'.

And this is
Captain Maestro,
our team leader.



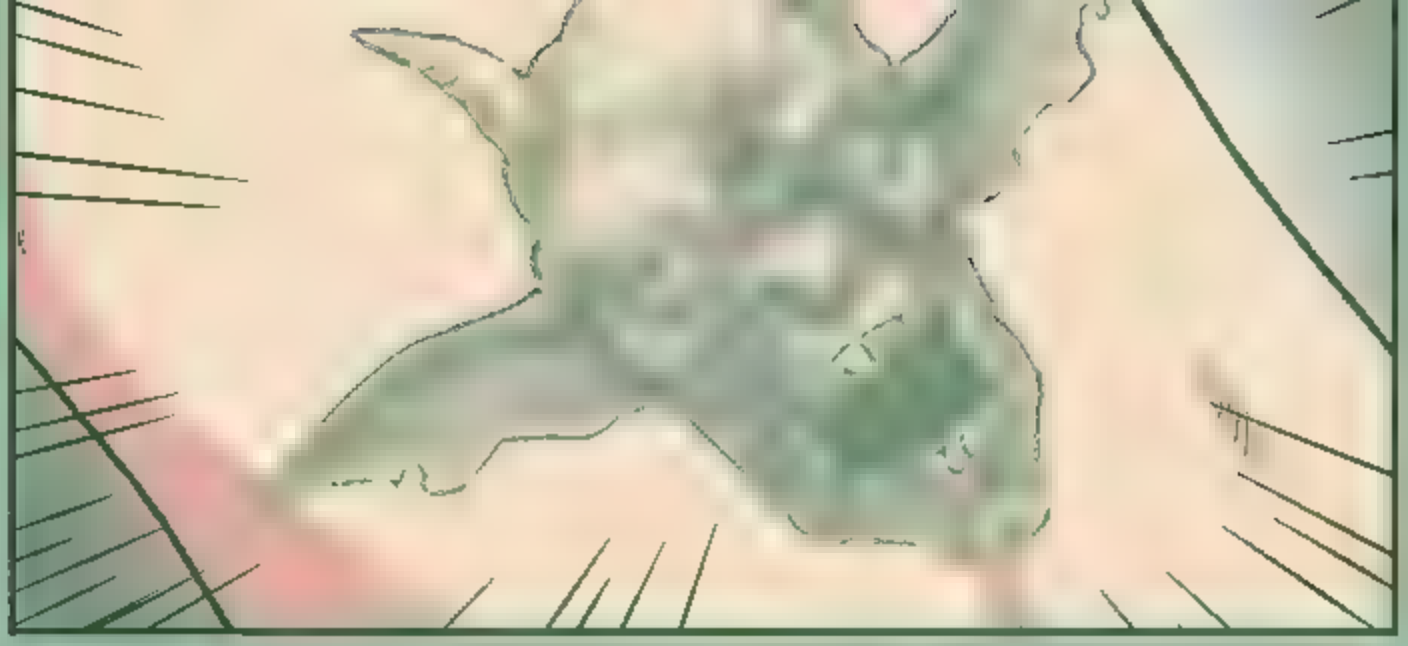
He's an awesome war veteran and I admire him the most.

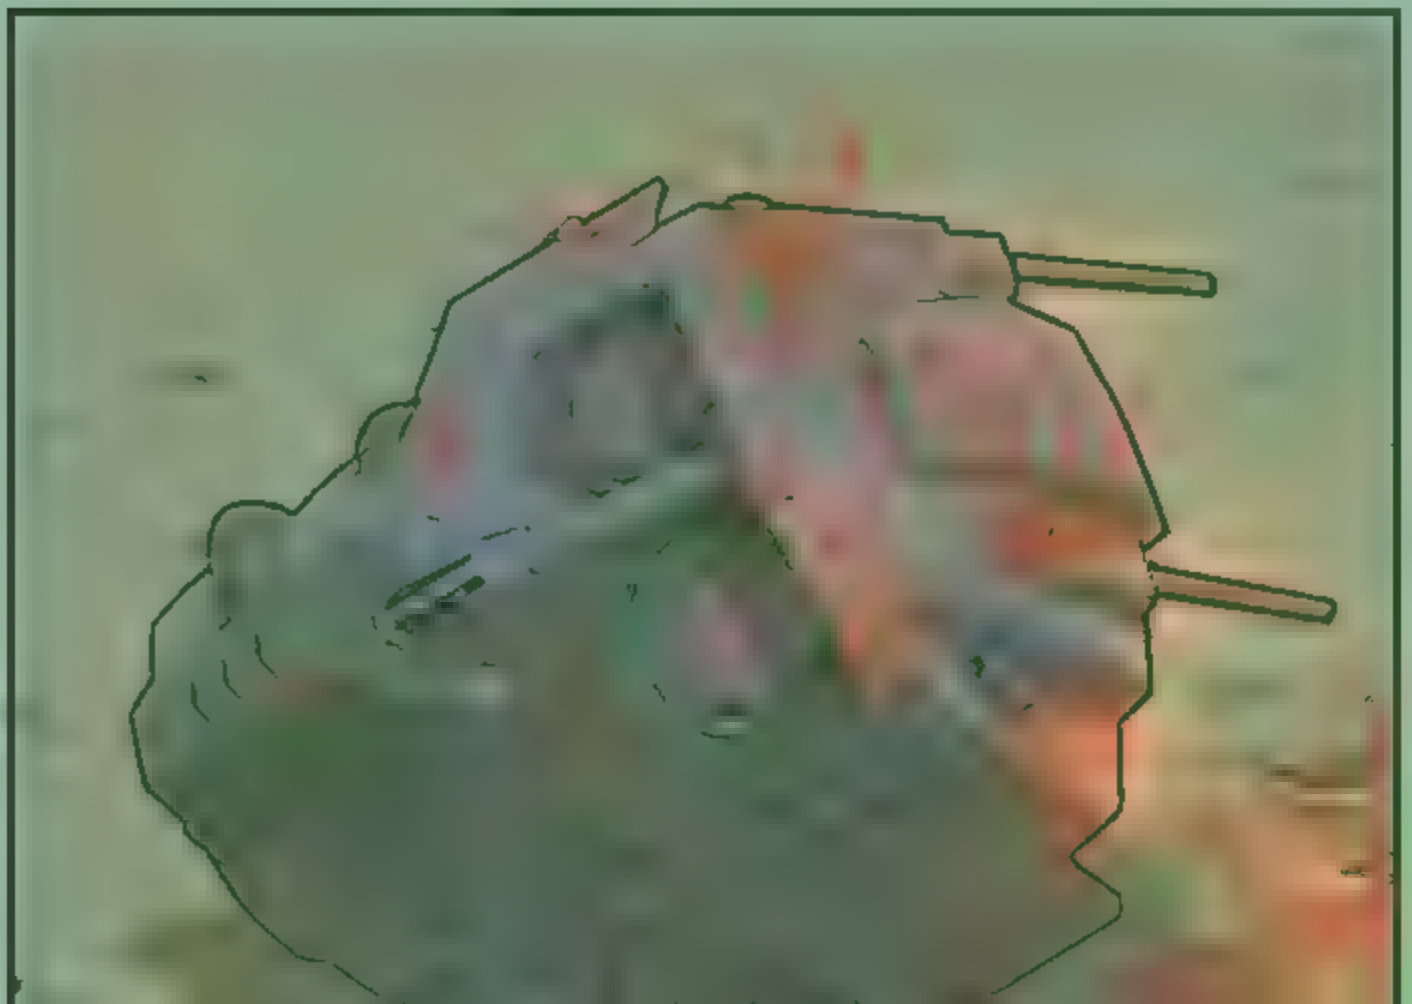
However, he has fallen into a coma since his last battle while he was trying to log off.

YOU KNOW, SOME COUNTRIES ONLY ALLOW VIRTUAL WARS NOW SO THAT NO ONE HAS TO LOSE THEIR LIVES.

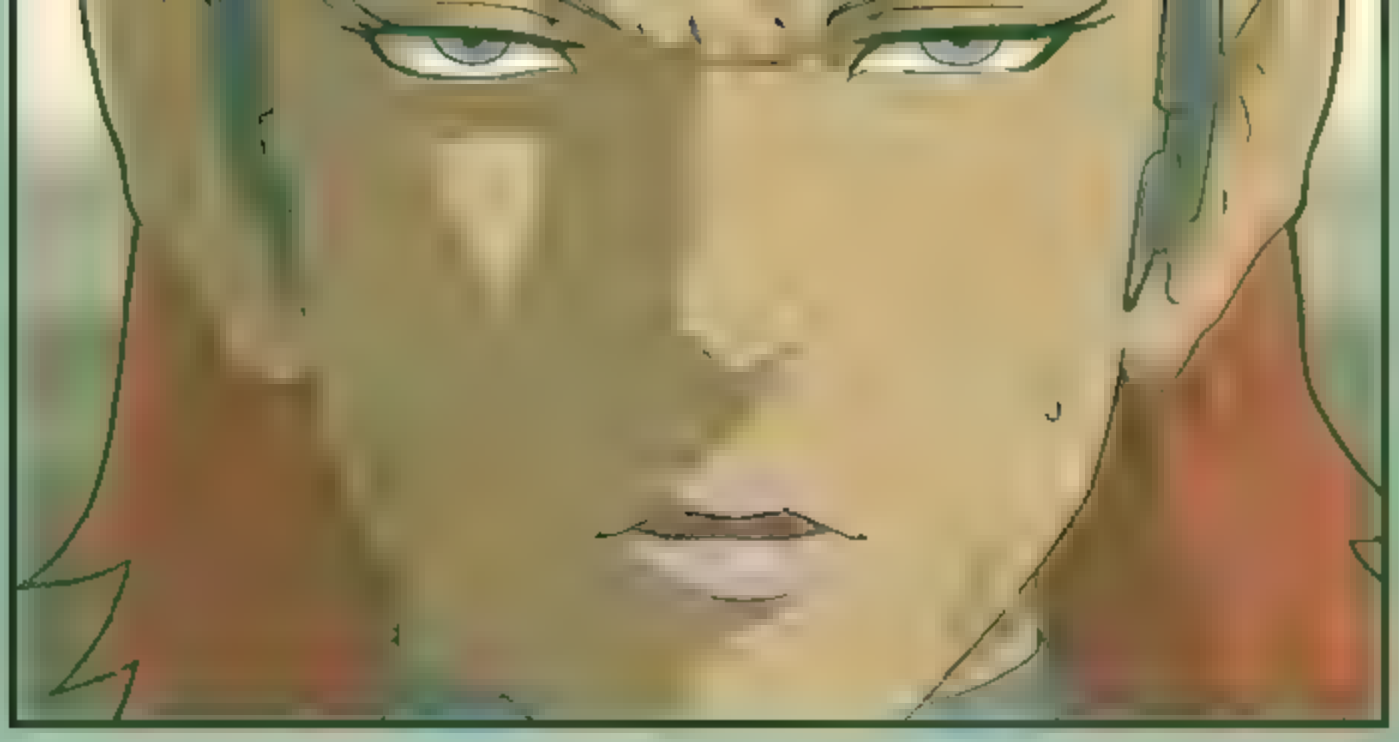
Thanks to 'realtime virtual environment construction system - Virturon' which was invented by Lucas Collins, CEO of Orda.

ANYWAY, IT TURNED OUT CAPTAIN MAESTRO WAS DRUGGED BY FORMER 'NIGHT GOBLINS' SCUMBAGS!

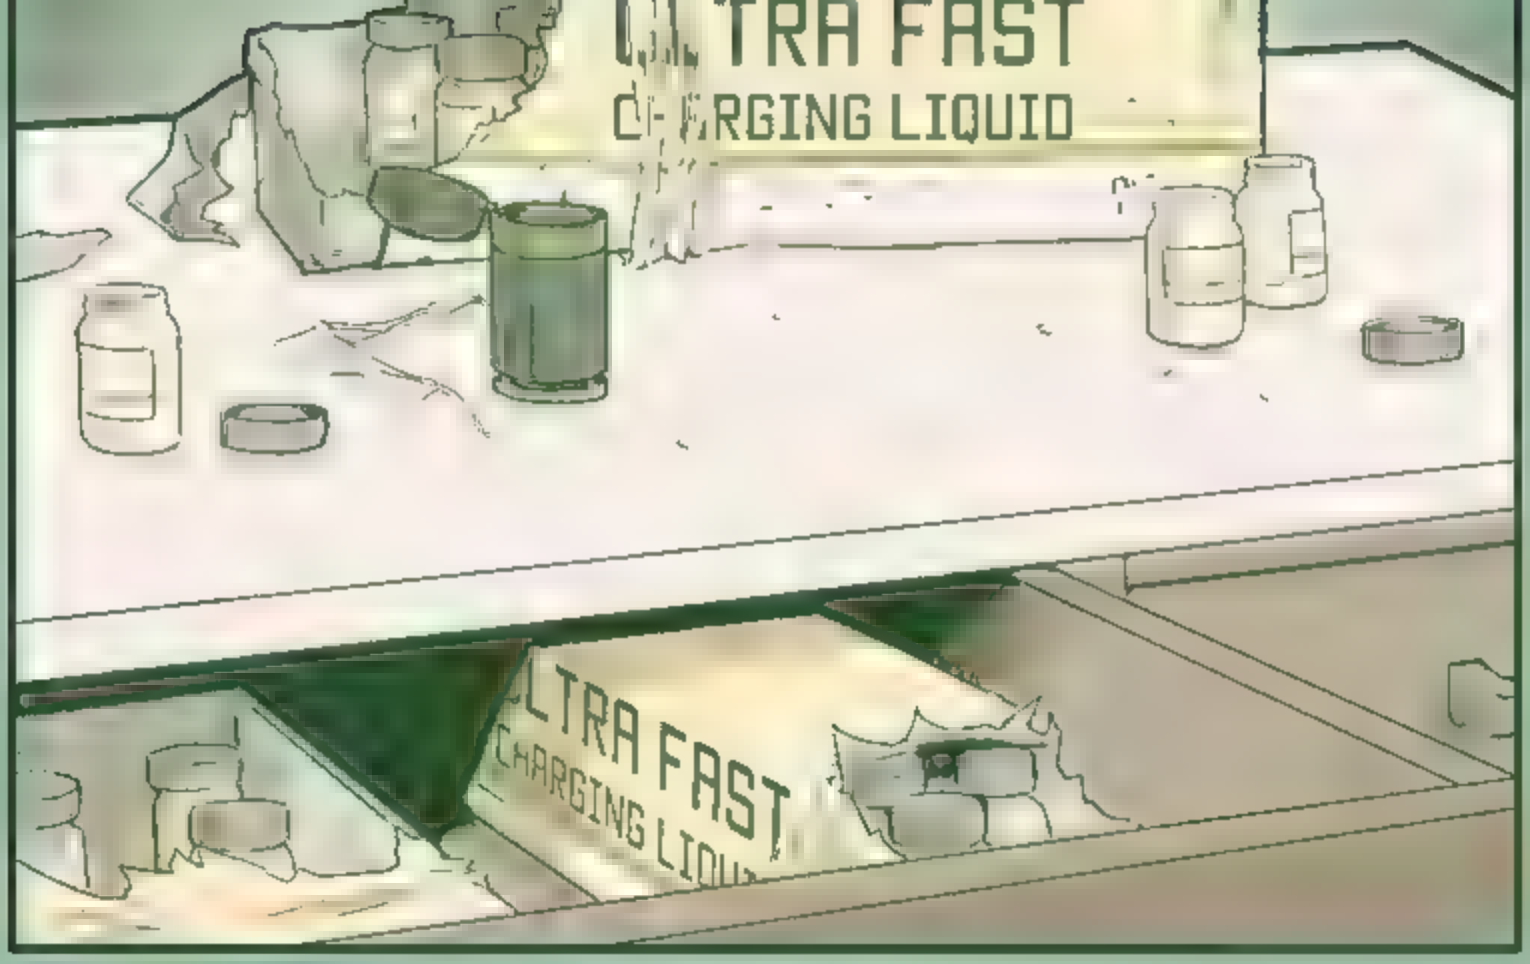




THEY'VE BEEN HOLDING GRUDGES FOR YEARS, EVEN THOUGH THEY HAD TO BLAME THEIR RECKLESS DECISION!

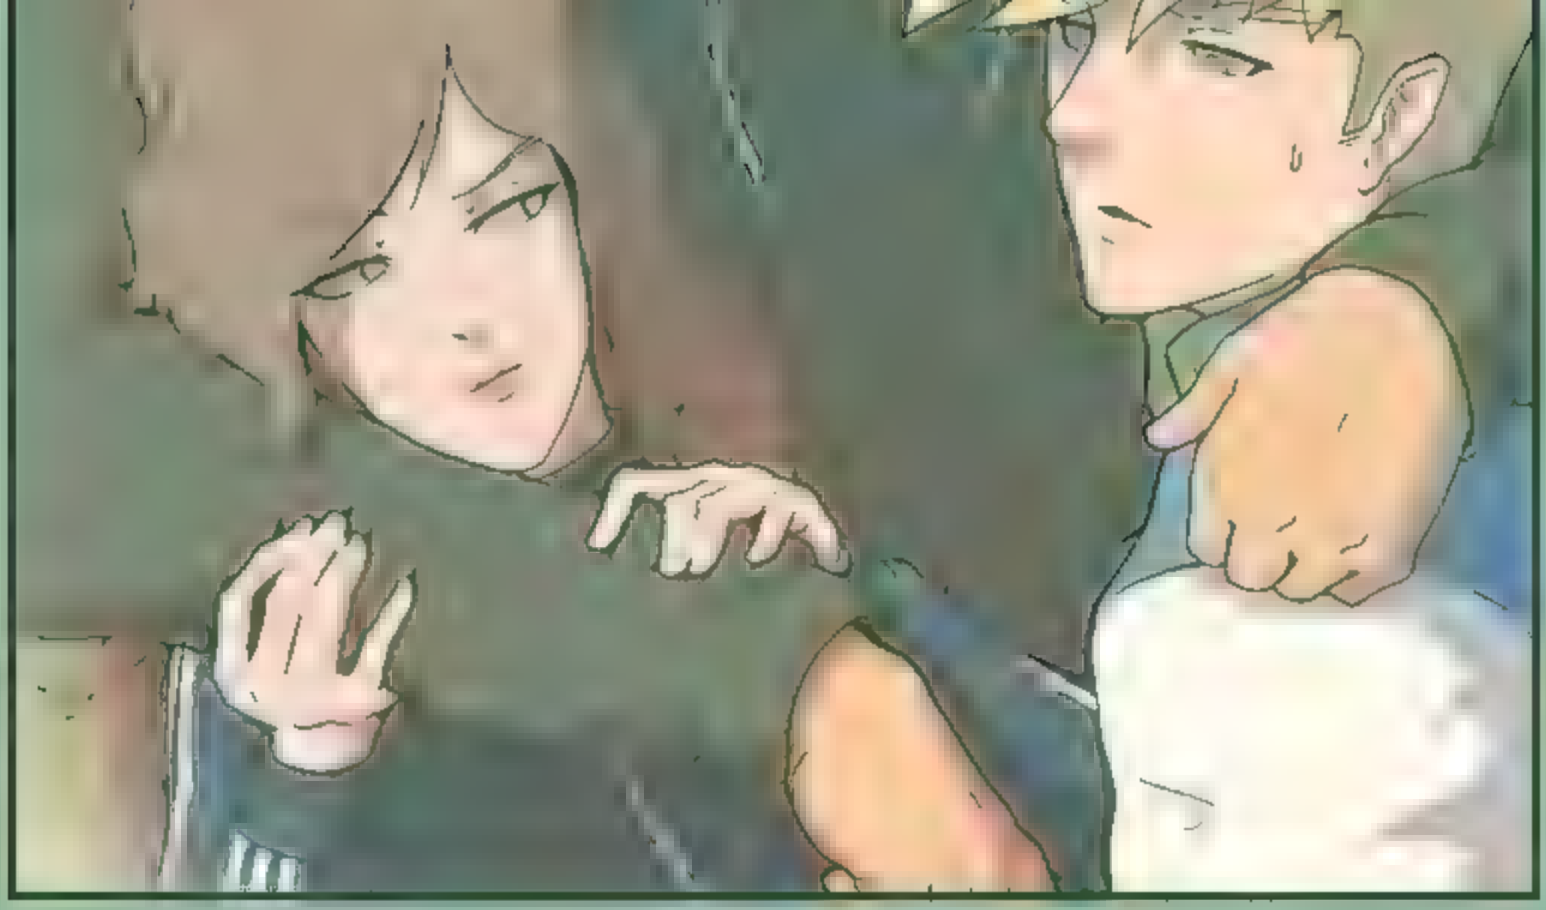


HILDA, WHO WAS THE LEADER OF THE NIGHT GOBLINS, BROKE INTO CAPTAIN'S PLACE.



She tampered captain's stuff.

WE COULDN'T CALL THE POLICE BECAUSE THIS POLICE COMMANDER WAS ALSO INVOLVED!



HENCE, WE DECIDED
TO HUNT THEM DOWN
ON OUR OWN.

Oh, and Azuka's sister Sophia is also helping us in Sweden at the moment.

T-REX WAS SHOCKED BY THE CAPTAIN'S CURRENT STATUS,

SO HE RETIRED.

As in result, Grizzlette,

AND MADNUT HAS JOINED T-1.

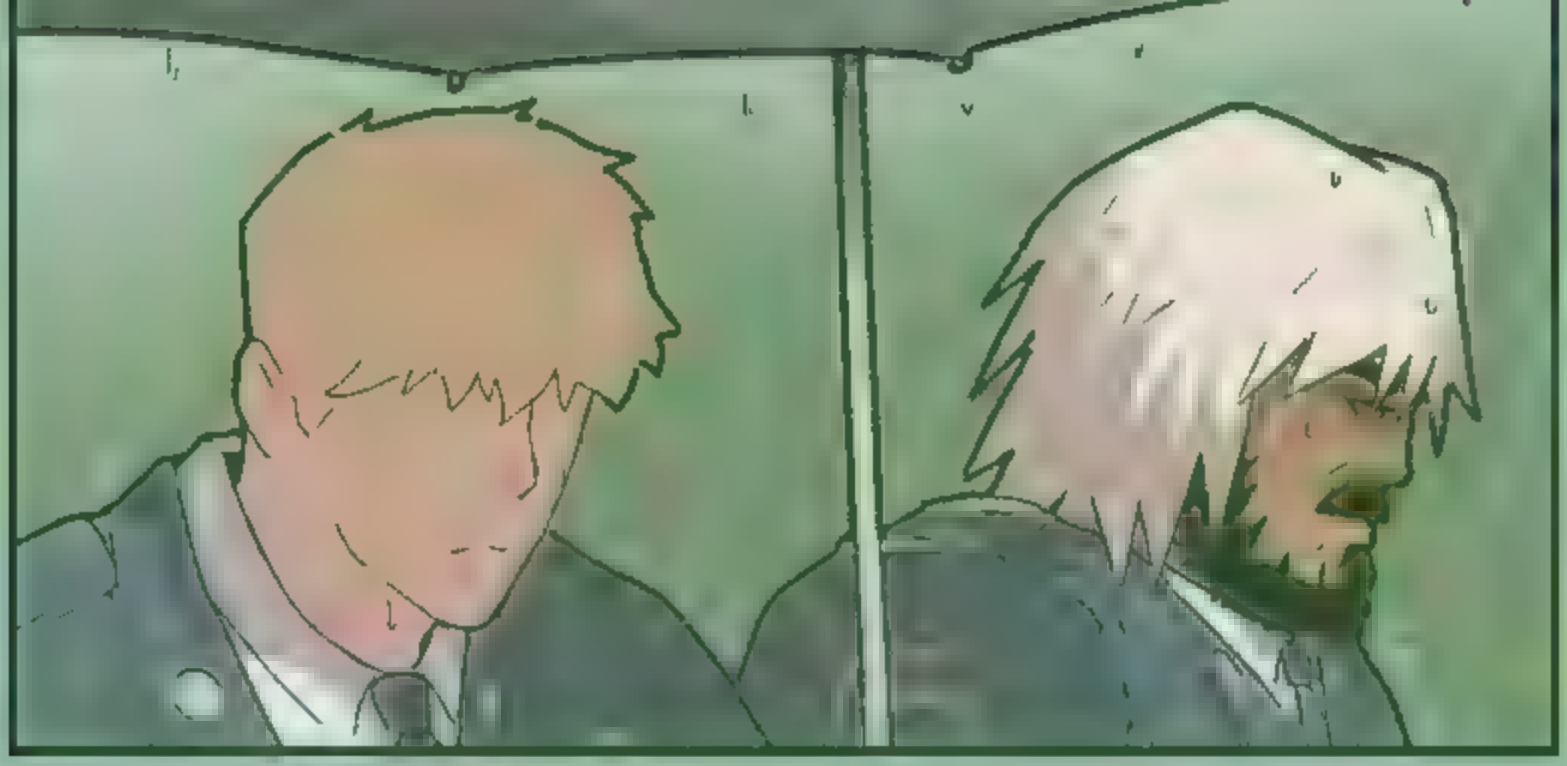
WE FOUGHT AS A TEAM
IN SWEDEN FOR THE FIRST TIME,

AND I ENCOUNTERED CAPTAIN'S HOLOGRAM DURING THE BATTLE.

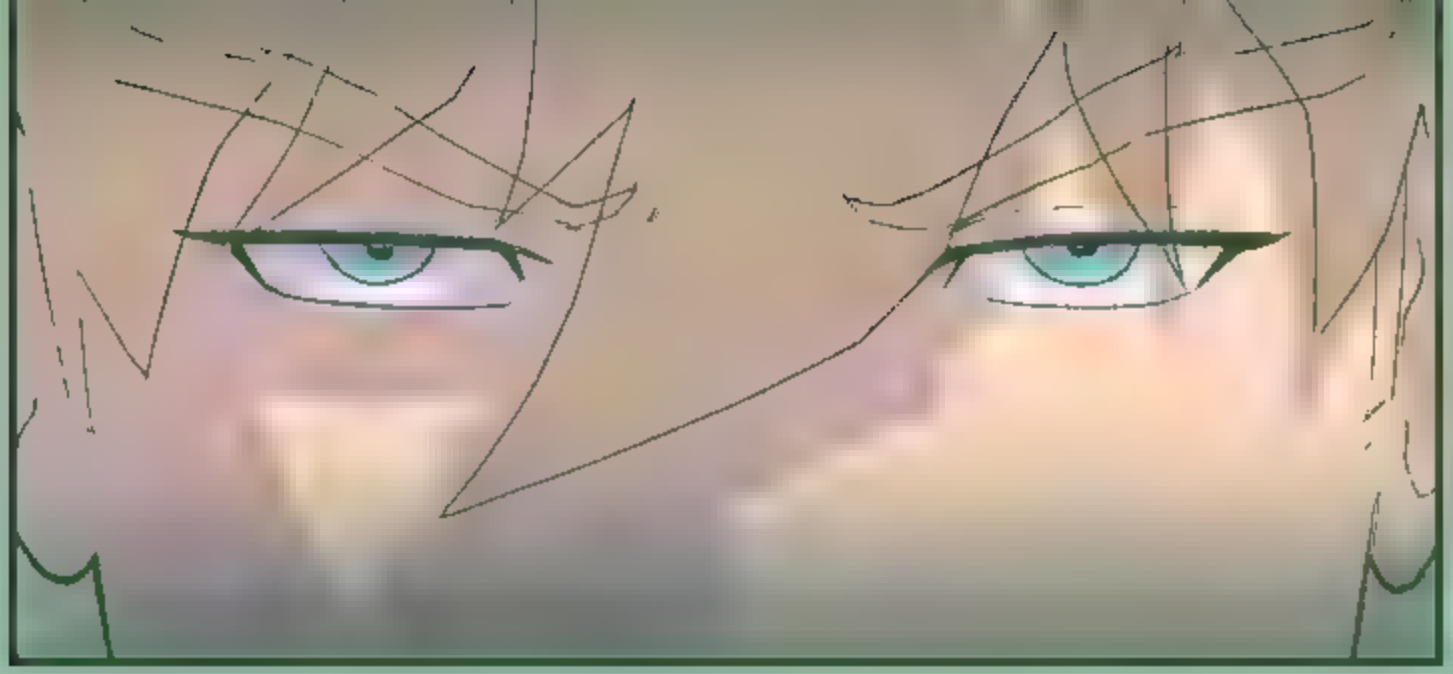
It was just a moment,

BUT LONG ENOUGH FOR ME
TO CONVINCE MYSELF THAT IT WAS HIS
ACTUAL CONSCIOUSNESS.

HE IS LIKE
FATHER TO ME.



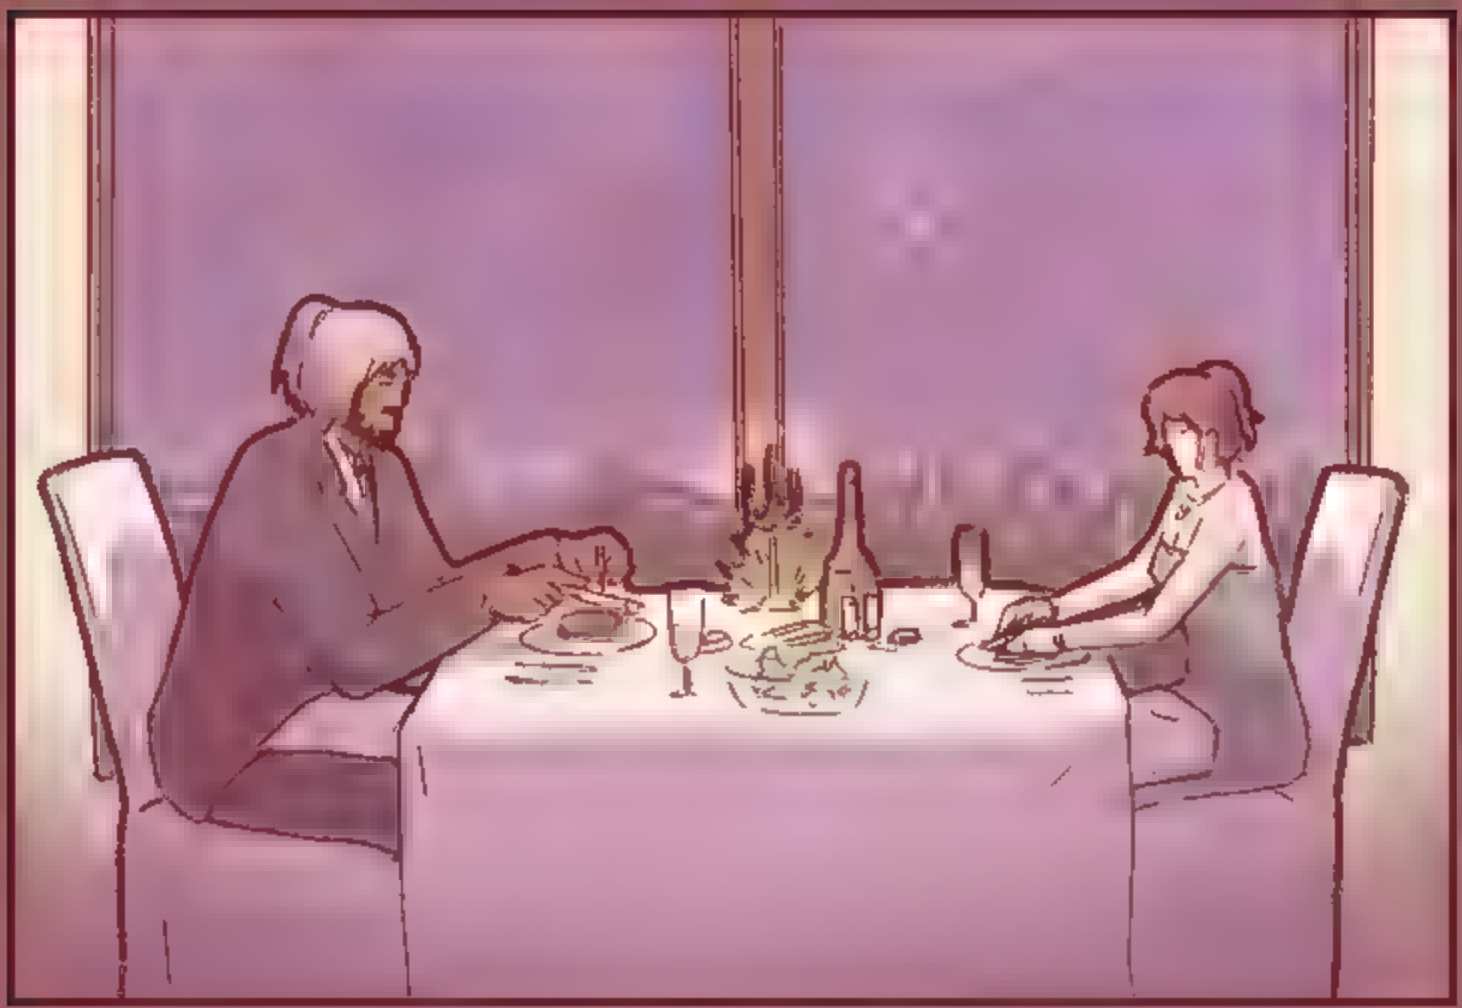
I WILL GET HIM BACK
AT ALL COSTS.

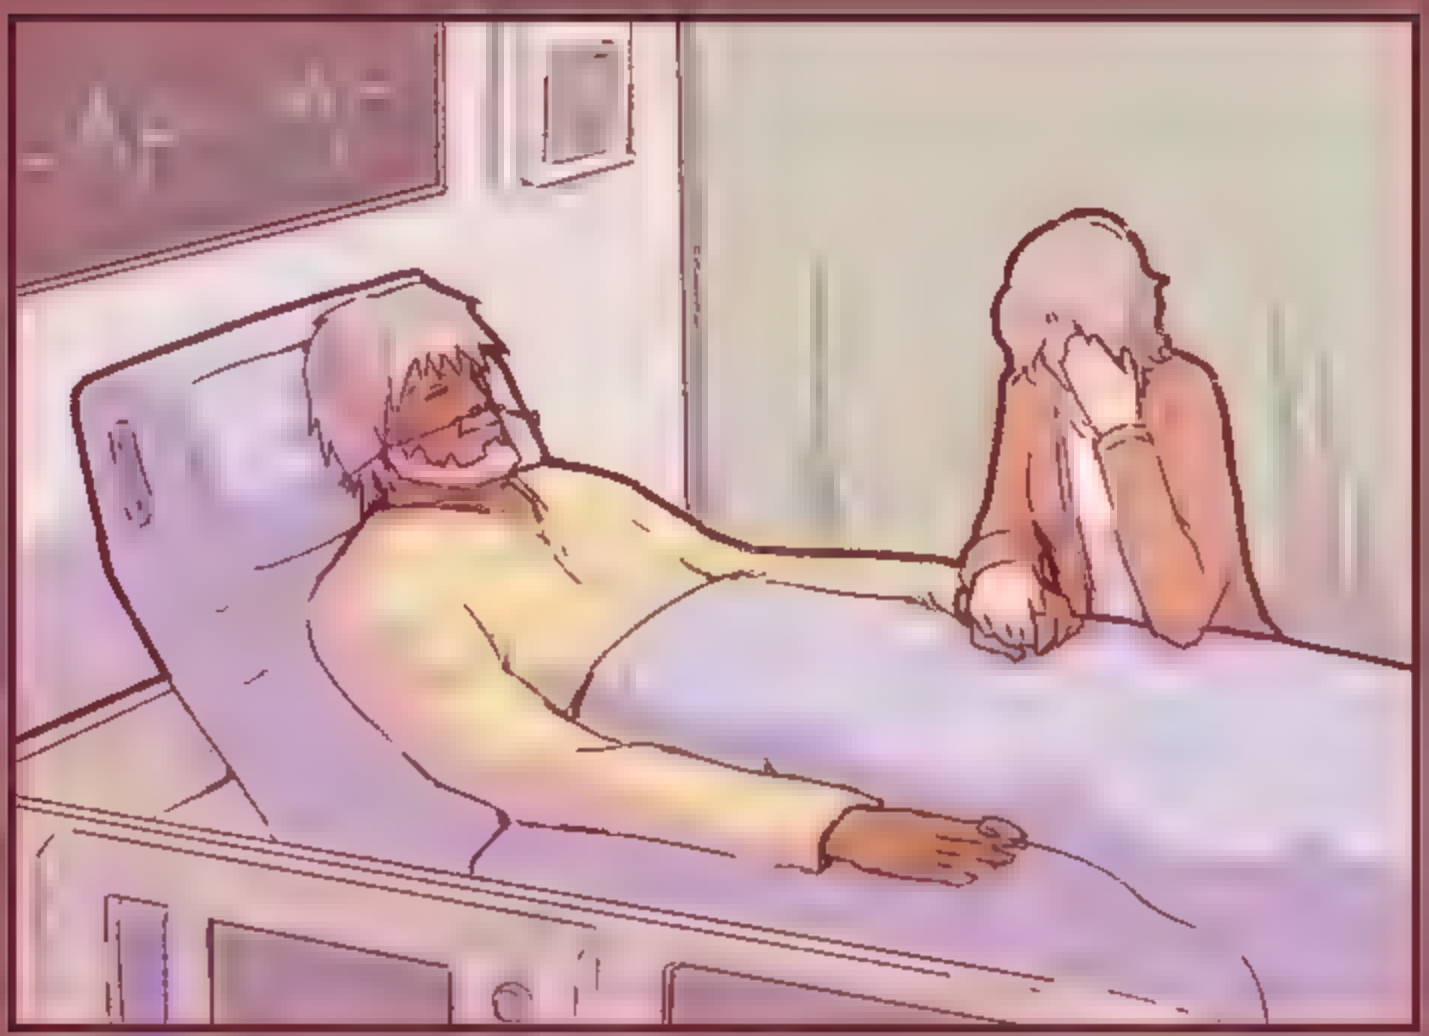


HUH? NICK?

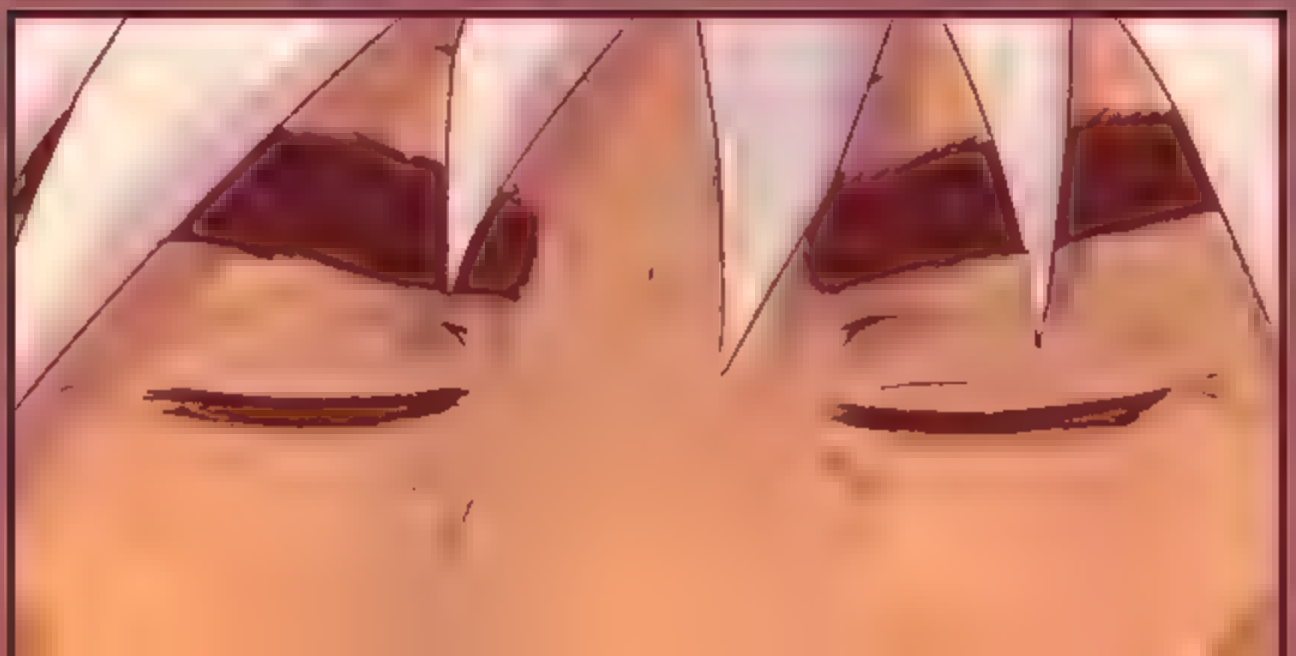
Y-YOU'RE DEAD!

HM? WHERE DID IT GO?





... IT WAS A GREAT LIFE, HONEY...
I LOVE YOU!



Hmm... Where am I?

Am I dead now?

Oh, all of my memories!

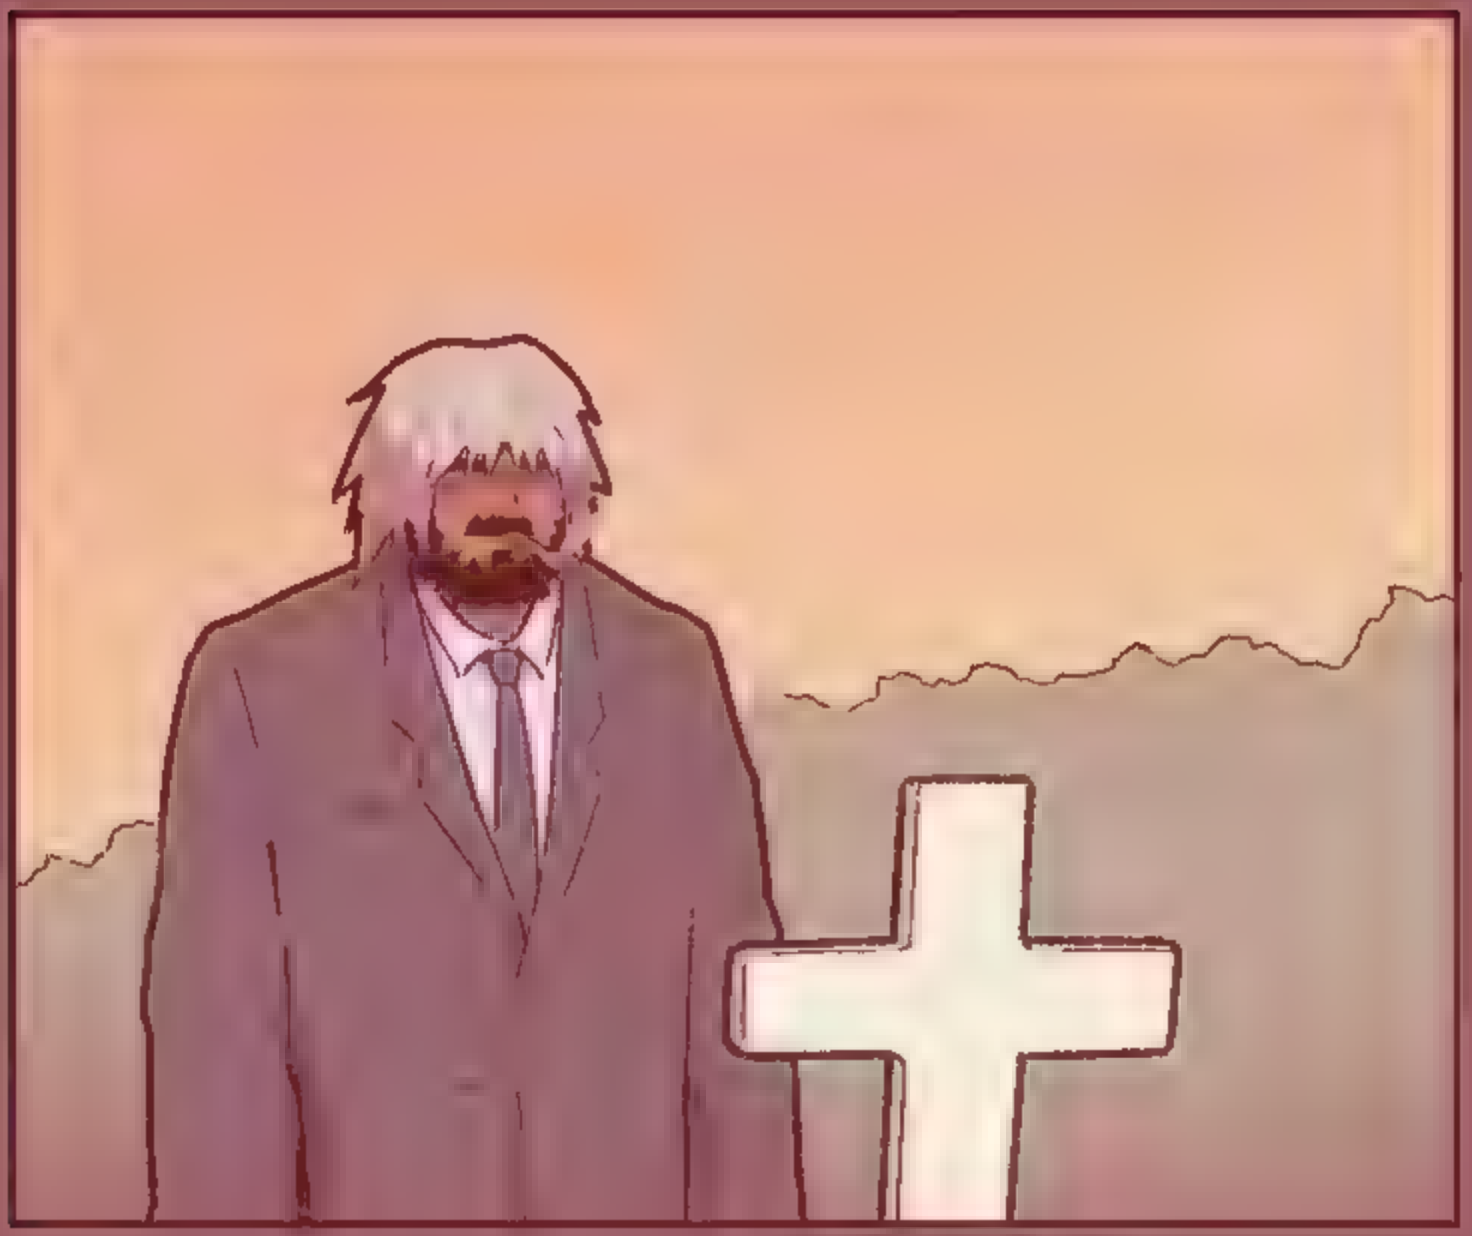
T-THEY ARE GONE!

WHAT'S THE LAST THING
THAT I CAN REMEMBER?

OH, I TRIED TO LOG OFF AFTER WINNING THE BATTLE IN AUSTRALIA!

WHAT DID YOU GUYS SAY?

WRAITH IS GONE??



SHIT
